Note: Only the major support categories are shown.
 Note: The Capacity Building total includes Health and Wellbeing, Home Living and Lifelong Learning although these support categories are not shown.
 Note: A utilisation rate may be above 100% for the six month exposure period considered, due to the uneven distribution of payments over the duration of a plan.
 In addition, the utilisation rate for core supports may be above 100% due to lumpability which refers to the ability of participants to use their funding flexibly between different support types, albeit within certain limitation.

Indicator definitions

Active participants with approved plans	Number of active participants who have an approved plan and reside in the LGA / have supports relating to the support category in their plan.
