Researchers, academics and government agencies/departments can submit a request for a tailored NDIS data release for a specific purpose by completing an External Research Request Form.

Please refer to the NDIS Public Data Sharing Policy to find out more about how we make decisions around releasing data;

- Appendix A on page 29 for data available for release
- Chapter 3 on page 23 for information on how data is released
- Figure 1 on page 18 for how risk is assessed in releasing NDIS data.

Please also refer to the accompanying External Research Request Interim Policy available from the Research and Evaluation page.
