'Baseline outcomes for NDIS participants 30 June 2020' summarises baseline results for NDIS participants entering the Scheme during the four year period from 1 July 2016 to 30 June 2020.

'Longitudinal outcomes for NDIS participants 30 June 2020' summarises longitudinal outcomes for participants who have been in the Scheme for one year or more at 30 June 2020.

Where relevant, the baseline and the longitudinal reports have analysed the impact of COVID-19 on outcome indicators.

Two previous reports have covered both baseline and longitudinal experience, as at 30 June 2018 and 30 June 2019.

Leveraging research conducted by the NDIS Independent Advisory Council (IAC), the outcomes framework takes a lifespan approach to the measurement of outcomes.

There are four different versions of the outcomes framework questionnaires, corresponding to four participant age groups.

The reports are organised with separate chapters for each age cohort, drawing together analyses from all data sources.

High level summaries of results for all questions are included in separate volumes of appendices. Data shown in the appendices are included as csv files in zipped format.

On this page you can download the full report or download individual chapters and appendices.

NDIS Participant Outcomes 30 June 2020 – summary (PDF 1MB)

Baseline outcomes for NDIS participants 30 June 2020 (PDF 5MB)

Executive summary (PDF 523KB)

1. Introduction (PDF 157KB)
2. Participants from birth to before starting school (PDF 604KB)
3. Participants from starting school to age 14 (PDF 613KB)
4. Participants aged 15 to 24 (PDF 601KB)
5. Participants aged 25 and over (PDF 648KB)

Longitudinal outcomes for NDIS participants 30 June 2020 (PDF 12.7MB)

Executive summary (PDF 3.9MB)

1. Introduction (PDF 4.5MB)
2. Participants from birth to before starting school: outcome indicators (PDF 4.4MB)
3. Participants from birth to before starting school: Has the NDIS helped? (PDF 4MB)
4. Participants from starting school to age 14: outcome indicators (PDF 4.5MB)

5. Participants from starting school to age 14: Has the NDIS helped? (PDF 4.2MB)
6. Participants aged 15 to 24: outcome indicators (PDF 4.6MB)
7. Participants aged 15 to 24: Has the NDIS helped? (PDF 4.2MB)
8. Participants aged 25 and over: outcome indicators (PDF 4.8MB)
9. Participants aged 25 and over: Has the NDIS helped? (PDF 4.3MB)

Appendices:

- Appendices A to D: Numbers of questionnaires completed by participants; Long form participation and representativeness analysis; Age adjustment methodology; Variables used in the regression modelling (PDF 2.3MB)
- Appendix E: Participants from birth to before starting school (PDF 14.4MB)
- Appendix E data (zip 71KB)
- Appendix F: Participantsfrom starting school to age 14 (PDF 16.5MB)
- Appendix F data (zip 88KB)
- Appendix G: Participants aged 15 to 24 - Part A (PDF 18.3MB)
- Appendix G: Participants aged 15 to 24 - Part B (PDF 17.2MB)
- Appendix G data (zip 172KB)
- Appendix H: Participants aged 25 and over - Part A (PDF 17.7MB)
- Appendix H: Participants aged 25 and over - Part 2 (PDF 19.3MB)
- Appendix H data (zip 190KB)
