The National Disability Insurance Agency (NDIA) regularly shares reports and data aimed at improving knowledge and understanding of how people with disabilities are experiencing the Scheme.

This dashboard series includes summary reports and accompanying data downloads for 15 primary disability types, First Nations and Culturally and Linguistically Diverse (CALD) participants and participants with different genders sharing key insights from Scheme data about:

Participants – the profile of participants, including characteristics such as age, background, gender and demographics??

Payments – total and average payments according to age and SIL (Supported Independent Living) arrangements

Participant outcomes – various measures of outcomes achieved by participants and their families and carers, including those recorded at Scheme entry and over time through longitudinal survey responses

Participant experience – various measures of the Scheme as experienced by participants, including the number of 'access met' decisions, participant satisfaction and complaints

Providers – number of providers supporting participants with this disability and payments to providers by type of plan management
