Participant plan budgets and utilisation

Participant numbers and plan budgets

This dataset provides the number of active participants and their average support budget by service district, age group, disability and support class.

The accompanying data rules for this dataset explains information about the data that may be helpful.

Data current as at: 31 December 2025

Please note that historical data is available on request.

- Participant numbers and plan budgets data December 2025 (CSV 6.9MB)
- Participant numbers and plan budgets data September 2025 (CSV 6.9MB)
- Participant numbers and plan budgets data June 2025 (CSV 7.1MB)
- Participant numbers and plan budgets data March 2025 (CSV 6.95MB)
- Participant numbers and plan budgets data December 2024 (CSV 7MB)
- Participant numbers and plan budgets data September 2024 (CSV 6.9MB)
- Participant numbers and plan budgets data June 2024 (CSV 6.8MB)
- Participant numbers and plan budgets data March 2024 (CSV 6.8MB)
- Participant numbers and plan budgets data rules (DOCX 97KB)

Utilisation of plan budgets data

This dataset provides utilisation rates by different variable combinations. Utilisation refers to the amount of the plan budget that a participant uses.

The accompanying data rules for this dataset explains information about the data that may be helpful.

Data current as at: 31 December 2025

Please note that historical data is available on request.

Participant diagnosis, goals and plan management

Participants by diagnosis

The dataset provides information on the count of participants split by disabilities that are reported by participants. It includes disabilities that are reported as primary as well as non-primary.

Data current as at: 31 December 2025

- [Participants count by diagnosis data (CSV 1.6MB)](#)
- [Participants count by diagnosis data rules (DOCX 93KB)](#)

Plan management types

This dataset provides insight into the choices participants make for managing their plans.

The accompanying [data rules](#) for this dataset explains information about the data that may be helpful.

Data current as at: 31 December 2025

Please note that historical data is available on request.

Participant goals

This dataset provides information on participants' goal domains by age group and disability group.

Data current as at: 30 June 2024

- Participant goals data (XLSX 104KB)
- Participant goals data rules (DOCX 85KB)

The data is current as at 30 June 2024 and has now been decommissioned.

First Nations and Culturally and Linguistically Diverse participants

First Nations participants

This dataset includes information about First Nations participant numbers broken down by State/Territory, remoteness and average annualised committed support.

Data current as at: 31 December 2025

- First Nations participants (CSV 50KB)
- First Nations participants data rules (DOCX 99KB)

Culturally and linguistically diverse participants

This dataset includes information about Cultural and Linguistically Diverse (CALD) participant numbers broken down by State/Territory, remoteness and average annualised committed support.

From December 2021 quarter, this report does not include participants who identify as Aboriginal and Torres Strait Islander. In previous reports, Aboriginal and Torres Strait Islander participants were included if their main language spoken at home was not English.

Data current as at: 31 December 2025

- Culturally and linguistically diverse participants (CSV 34KB)
- Culturally and linguistically diverse participants data rules (DOCX 95KB)

Participant numbers and outcomes

Projected participants by service district data

This datatset provides information about projected participants' numbers by service district and by states and territories. The assumptions underpinning this projection are discussed in Annual Financial Sustainability Reports .

The data in this table provides information about projected participants' numbers by service district and by state and territory using data as at 30 June 2023.

Data current as at: 31 December 2025

- Projected participant by service district data (CSV 10KB)
- Projected participant by state and territory data (CSV 2KB)
- Projected participant numbers data rules (DOCX 92KB)

Baseline outcomes data

This dataset provides information on key outcome indicators at baseline (entry to the Scheme), for participants and families/carers, by questionnaire version and State/Territory.

Data current as at: 31 December 2025

- Baseline Outcomes data (CSV 67KB)
- Baseline Outcomes data rules (DOCX 90KB)

Longitudinal outcomes data

This dataset provides information on key outcome indicators at baseline (entry to the Scheme) and approximately one, two and three years after entry to the Scheme, for participants and families/carers responding at baseline and at least one later time point, by questionnaire version and State/Territory.

Data current as at: 31 December 2025

- Longitudinal Outcomes data (CSV 1.2MB)
- Longitudinal Outcomes data rules (DOCX 96KB)

Participants by Service District and Local Government Areas

Participants by SA2

This table states the number of participants split by Statistical Area 2 (SA2s), along with the State/Territory that each are located within. Information on the extent to which the NDIS has rolled out in each SA2 is also included.

Data current as at: 31 December 2025

- Participants by SA2 data (CSV 2.5MB)
- Participants by SA2 data rules (DOCX 88KB)

Participants by SA3 data

This table states the number of participants split by Statistical Area 3 (SA3s), along with the State/Territory that each are located within. Information on the extent to which the NDIS has rolled out in each SA3 is also included.

Data current as at: 31 December 2025

- Participants by SA3 data (CSV 343KB)
- Participants by SA3 data rules (DOCX 97KB)

Participants by SA4 data

This table states the number of participants split by Statistical Area 4 (SA4s), along with the State/Territory that each are located within. Information on the extent to which the NDIS has rolled out in each SA4 is also included.

Data current as at: 31 December 2025

- Participants by SA4 data (CSV 104KB)
- Participants by SA4 data rules (DOCX 88KB)

Participants by CED data

This table states the number of participants and the number of providers split by Commonwealth Electorate Divisions (CEDs), along with the State/Territory that each are located within. Information on the extent to which the NDIS has rolled out in each CED is also included.

Data current as at: 31 December 2025

- Participants by CED data (CSV 68KB)
- Participants by CED data rules (DOCX 89KB)

Participants by Local Government Areas

Participants by Local Government Areas

This table states the number of participants split by Local Government Areas (LGAs), along with the service district and State/Territory that each are located within. Information on the extent to which the NDIS has rolled out in the LGA is also included.

Data current as at: 31 December 2025

- Participants by LGA data (CSV 431KB)
- Participants by LGA data rules (DOCX 89KB)

Service District to LGA 2011 Mapping

This table provides mapping from NDIA service districts to the ABS classified Local Government Areas (LGA) 2011. This will allow the user to map external stats at LGA level to NDIA service districts.

- Service District to LGA 2011 data (CSV 23KB)
- Service District to LGA 2011 data rules (DOCX 81KB)

Service District to LGA 2016 Mapping

This data maps the NDIA service districts to the ABS classified Local Government Areas (LGA) using the 2016 LGA boundaries. Multiple LGAs are grouped together to define one NDIA service district. The LGAs are based on 2016 geographical boundaries.

- Service District to LGA 2016 data (CSV 22KB)
- Service District to LGA 2016 data rules (DOCX 80KB)

Service District to LGA 2021 Mapping

This data maps the NDIA service districts to the ABS classified Local Government Areas (LGA) using the 2021 LGA boundaries. Multiple LGAs are grouped together to define one NDIA service district.

The LGAs are based on 2021 geographical boundaries.

- Service District to LGA 2021 data (CSV 22KB)
- Service District to LGA 2021 data rules (DOCX 80KB)

Participants with home and living supports

SDA participants data

This dataset provides the count of active participants by service district with Specialist Disability Accommodation (SDA) funding in their current NDIS plan.

Data current as at: 31 December 2025

- [SDA participants data (CSV 72KB)](#)
- [SDA participants data rules (DOCX 87KB)](#)

SDA Enrolled dwellings and NDIS demand data

Data current as at: 31 December 2025

- [SDA Enrolled dwellings and NDIS demand data (XLSX 1.8MB)](#)

This additional Excel spreadsheet includes data on SDA enrolled dwellings and NDIS demand data to 31 December 2025. It contains the SDA data tables from 'Appendix P' that are published in the [Quarterly reports](#) to the disability ministers.

Appendix P in this spreadsheet sets out data on:

- the number of active participants in each service district receiving SDA and Supported Independent Living (SIL)
- the number and types of dwellings
- the demand for SDA within the NDIS in each Statistical Area 3 (SA3) and Statistical Area 4 (SA4) region.

Further detailed tables relating to enrolled SDA dwellings and SDA demand within the NDIS are set out on a separate tabs in the spreadsheet.

SIL participants data

This dataset provides the number of active participants with Supported Independent Living (SIL) funding in their current NDIS plan.

Data current as at: 31 December 2025

- [SIL participants data (CSV 72KB)](#)
- [SIL participants data rules (DOCX 82KB)](#)

Commonly used data terms

The definitions listed in the [commonly used data terms (DOCX 80KB)](#) document provide answers to commonly asked questions regarding data released on the NDIS website.
