

Our research and evaluation activities looks at 5 key participant outcomes to understand the overall benefits of NDIS supports and services and the NDIS:

1. Equitable access to quality services
2. Informed choice and control
3. Economic participation
4. Daily living and independence
5. Social participation and inclusion

## **Completed NDIA research in this area**

### **Social inclusion and community access research**

We carried out research to learn more about the enablers and barriers to social and community participation for NDIS participants.

[Find out more](#)

### **Self management research**

To inform the new Self-Management Policy , we did research to hear directly from participants and learn about how self-management works in other schemes.
